Lei[®]
SAUNAS

A vertical photograph of a dense evergreen forest. The scene is heavily misted, with a thick layer of white fog or low clouds that obscures the upper portions of the trees and the sky. The foreground shows the tops of several dark green coniferous trees, their needles appearing vibrant against the hazy background. The overall atmosphere is serene and quiet, with soft, diffused light filtering through the mist.

Built for peace.
Inspired by nature.

■ who are we?

Not just another sauna manufacturer.

Our story began more than sixteen years ago in a freezing garage, where our two founders, childhood friends, built the first units by hand with equal parts grit and curiosity. That hands-on spirit still drives us today. From those early days, we've grown into a modern manufacturer with deep craft roots. We design and build on a single 6-hectare manufacturing campus in Estonia, pairing precise engineering with honest, long-lasting materials. Every detail matters: clean lines, smart assembly, efficient heating, and a bathing experience that feels restorative day after day.

Experience over 16 years

Premium Materials

World-class Manufacturing

Award-winning Designs

Designed for life. Tested by nature.

What we make is intended to live beautifully and work hard. We build with Nordic ThermoWood®, tempered glass, and durable components, and we test our saunas the way they're meant to be used – out in real weather, with real steam, and real people. The result is reliable performance, simple maintenance, and timeless aesthetics that fit homes, cabins, spas, and hospitality projects.

Crafted by hand. Found worldwide.

Our saunas are available through our distributor network in over 50 countries.

the story behind our name.

What is *leil*?

leil (Estonian, noun)

“sauna steam”; the burst of heat and vapor created by ladling water onto hot stones, and therefore the sacred ritual of making it.

For centuries, the sauna has been a sacred place for the people of the North. In a rapidly changing and noisy world, it is increasingly important to take moments to truly be present and find peace. *Leil* is at the heart of this experience.

We invite people to experience the peace, connection, and ritual of true sauna practice. Our goal is to bring the authentic Estonian sauna experience to new audiences worldwide, teaching the art of *leil* as a universal expression of well-being that transcends cultures and languages.

Healthy heat. Happy heart.

What most people don't realize is that leil isn't about endurance or extreme heat. True leil should be gentle and soft, yet deeply warm – a balance that soothes rather than overwhelms.

Our mission is to share this understanding with the world and teach people the art of creating and enjoying leil the right way.

Going into the sauna and throwing leil the right way helps boost your health and wellbeing, calm the mind, and strengthen your immunity.

Patio

Outdoor Sauna Collection

Patio Series is our distinctive square-profile sauna line, a modern take on traditional sauna architecture. With seven models to choose from, Patio offers a sauna for every preference – from compact one-room saunas to spacious models with terraces and front rooms. Combining functionality, comfort, and elegance, the series is created to elevate any outdoor space into a calm and refined retreat.

■ exterior

The exterior of each Patio sauna reflects the harmony of modern geometry and natural materials. Built from 40 mm Thermowood® panels with black detailing and flat EPDM roof, it combines strength with minimalist elegance. Large double tempered-glass surfaces open the view outward while keeping the structure solid and weatherproof – a seamless balance of function and refined Nordic design.

■ interior

Inside, two-level alder benches with bench skirts and back rests create clean lines and ergonomic comfort, while dimmable LED strips add a soft ambient glow. The ceiling features thermo-treated pine STS panelling with PIR insulation for steady warmth and durability. Thoughtful ventilation ensures balanced heat and calm light – a harmonious space for restorative, unhurried leil moments.

Patio XXS

Compact and simple sauna for up to 3.
True sauna feel in a small space.

Patio XS

L-shaped bench fits 4 comfortably, maximizing
space without losing comfort.

Patio S

Modern design for 4 people with wide glass
walls opening to nature.

Patio S Plus

Sauna for 4 with a covered outdoor nook
for relaxing year-round.

Patio M

Two-room sauna with front area for cooling
down between sessions.

Patio L

Spacious two-room model for groups,
combining sauna and lounge comfort.

Patio L Plus

Our largest model with sauna, lounge room,
and open area under the roof.

● **standard set includes**
